

William H. Hannon Scholarships Continue At Marymount High School

Santa Monica, CA (October 27, 2008)—The William H. Hannon Foundation is once again continuing the William H. Hannon scholarship program at Marymount High School in Los Angeles. The Foundation has provided tuition scholarships since 2000, assisting four students each academic year.

“As an alumna, I have a soft spot for Marymount High School. Attending Marymount made a difference in my life and I am glad our Foundation can help ensure that girls unable to afford the full tuition can also benefit from a Marymount education,” said Kathleen Hannon Aikenhead, President of the William H. Hannon Foundation.

Founded in 1923, Marymount High School is an independent, Catholic, college preparatory school for girls in grades nine through twelve. Marymount provides purposeful leadership training, a rigorous academic program and extensive co-curricular opportunities that challenge and inspire students to be educated, informed and socially responsible global citizens. Currently, students come to Marymount from more than 92 different feeder schools and from 70 zip codes.

“We have long appreciated the support of the William H. Hannon Foundation. Particularly in these difficult economic times, when our school is receiving more applications for financial aid than ever before, the Foundation’s support truly helps us meet our commitment to offer financial assistance to our students,” said Mary Ellen Gozdecki, Ph.D., Head of School at Marymount High School.
